

K-LOVE radio has become a daily part of my life. The music and DJ's are very wholesome and you do not have to worry about what will be said as you do on some of the other radio stations. This station is good for the whole family. I believe this radion station is serving the community well. We have too many other ordinary radio stations and K-LOVE is a very unique station. This station is listener supported and the fact that they are able to raise the necessary funds to continue programming accross the country proves that there is a market for this station and the community wants this type of station. Please do not allow K-LOVE to be displaced by an LPFM broadcaster providing other programming.
